- A formal motion by the CPF National Board is necessary to proceed with Branch closure proceedings. This carried motion signals the approval to proceed. The Branch is then formally under the stewardship of CPF National while [dissolution](#) begins.
- The [dissolution](#) process will be directly communicated by the National Office to the members of CPF served by the affected Branch. The Branch staff and Chapter members will be advised that they will be governed under the stewardship of the National Board of Directors.

- The [dissolution](#) process may be paused at any time at the discretion of the National Board if [volunteer](#) CPF members from the Branch step forward to form a new Branch Board of Directors and undertake to address all the issues outlined in the first letter (3) from the National Board. If, after a reasonable time, it becomes clear to the National Board that the

new Branch Board is not in a position to redress the situation, then the National Board will advise the Branch Board in writing of the reprise of the dissolution process; and,

- The National Executive Director – in cooperation with the Branch Executive Director or unilaterally as circumstances dictate – will have ten (10) business days to begin implementation of the dissolution plan and an additional twenty (20) business days to bring the plan to a successful conclusion.

Branch Assets upon Dissolution

- Where a CPF Branch is dissolved, its assets will be used to pay all dissolution costs and remaining debts of the Branch. A representative of the Branch must provide to the National Executive Director all bank statements listing balances and transactions. A cheque for the remaining balance in the Branch bank account must be made out to, and deposited by, the National Office. The Branch bank account must be closed.
- The National Office will hold the balance from the Branch bank account in trust for three (3) years. If the Branch is re-established during this three (3) year period, the balance will be allocated to the new Branch. If the Branch is not re-established during this three (3) year period, the National Board will determine whether the balance is to be allocated to any specific project or purpose, distributed to other Branches or Chapters of CPF, or allocated by the National Office for its general expenses.
- The National Board will determine whether to distribute any property held by the Branch to other Branches or Chapters of CPF, to sell the property, or to store it for a specific period of time in case the Branch is re-established.

SECTION C – RISK AND RECORDS MANAGEMENT

Policy No. & Title - RRM 04: Network Emergency Crisis Response

Date Issued: 2015 (initial policy, grid)

Date of Authorization: 2015

Date Last Reviewed/Modified: July 2017 (updated/extended policy, protocol, grid)

Next Scheduled Review: Fall 2019 (Network)

1. Overall Guiding Principle

Canadian Parents for French is committed to ensuring a swift, effective, evidence-based advocacy response by the CPF Network to any crises arising in French second language education.

CPF believes that effective, coordinated management by the CPF Network, allocating the appropriate human and financial resources, can assist to minimize the negative impact of an unexpected event or decision.

2. Objective

To outline a coordinated, shared responsibility, CPF Network response in relation to actual or potential changes, actions or decisions, most often of provincial or territorial jurisdiction, that may negatively affect the delivery of FSL programs.

To guide Network staff and volunteers in planning and preparing for events or situations that extend beyond the normal day-to-day advocacy capacity and maximize the positive results from interventions that address the crisis.

3. Policy

- The aim of emergency management is to minimize physical and psychological impacts on all parties and to minimize damage to assets, operations, reputation and staff productivity. Internal organizational or business continuity crises are addressed in Policy BSR 03: Maintaining Business Continuity and GOV 16: Monitoring Performance of Branches and Branch Dissolution.
- A CPF Network Emergency Crisis Response Protocol and Assessment Grid (updated 2017) has been developed to swiftly and effectively respond to any emergency situations, with the foremost goals of supporting CPF members and in demonstrating CPF leadership in representing our members.

- The National Board will conduct a review of the CPF [Emergency Crisis](#) Response Policy and Protocols every two years, and/or, following the event of an emergency situation. This policy applies to all staff, board of directors, [volunteers](#), and members.
- On an ongoing basis, CPF National will keep pertinent information related to FSL education advocacy in a central and easily accessible location. The CPF National office maintains the level of preparedness indicated in the adopted Emergency Response Protocol. The Branches will maintain the level of preparedness to the best of their ability dependent on relative capacity (human and financial resources available).
- If a crisis is suspected, a Branch [Executive Director](#) and the Branch President will assess the severity of the issue by completing the Assessment Grid. When the initial assessment indicates that CPF is dealing with a full-fledged emergency, or with one that shows signs of becoming an emergency, the Branch will contact CPF National via the [Executive Director](#). The CPF National [Executive Director](#) and President will complete the assessment grid.
- The Branch and National together will review the assessment and assign an official crisis level with intervention responses varying depending on the crisis level, funding available, and desired results.

4. Specific Directives

- On an ongoing basis, CPF [volunteers](#) and staff are responsible for monitoring FSL education trends across the country and reporting potential concerns.
- The lead for the intervention will be a shared responsibility with Branches, usually CPF National staff coordinating Network communications.
- A strategy, including timeframe and desired outcome for CPF, in accordance with the [Emergency Crisis](#) Response Protocol, will be communicated and roles and responsibilities assigned to Board [volunteers](#), staff and members, and the level of Network involvement requested.
- According to the Assessment Grid, the total score will fall within a range of 10 to 40 points. A score of 30 or more would indicate an emergency, as would the highest ranking of 4 points in three categories – this will determine mandatory intervention. Participation by all Branches according to capacity will be mandatory and will become a Network priority.
- The campaign and operational response will be documented for debriefing purposes. Because education is a provincial/territorial responsibility, positive outcomes may not be possible. However, strategies will be shared across the Network, including recommended changes. Some follow up advocacy activities may need to be developed while others may need to be maintained on an ongoing basis.

- The following information will be developed by CPF National, kept in a central location and updated immediately should there be revisions or additions:
 - a. Customized [media](#) lists, contacts for [media](#) buys
 - b. Emergency campaign web page template
 - c. Canada news services accounts
 - d. Updated national membership database, including identification of all chapter executives
 - e. Current social [media](#) accounts (FB, Twitter, etc.)
 - f. Customized lists of federal, provincial and territorial cabinet ministers; shadow cabinet ministers and portfolio critics; partners and allies;
 - g. List of partners and allies; and school districts;
 - h. Templates and content
 - i. E-petition and similar accounts
 - j. Common messaging anchored in research and available in ready to go formats such as posts, quotes, data, etc.
 - k. [Training](#) in the use of all of the resources.

- Refer to the CPF Network [Emergency Crisis](#) Response Protocol and Assessment Grid.

Date Issued: August 2017

Date of Authorization: May 2018

Date Last Reviewed/Modified: July 2019

Next Scheduled Review: Fall 2019 Network Review

1. Overall Guiding Principle

Canadian Parents for French believes that proactive oversight and risk management are shared responsibilities of the Board and Executive Director which should become part of the Corporation's culture.

Conduct an annual review using the framework provided to develop a strategy that balances risks' potentially negative impacts against the rewards to be gained by overcoming them and ensuring the mission and vision can be fulfilled in a caring and safe environment.

2. Objective

To provide a framework to help forecast and evaluate potential risks increasing the overall awareness throughout the corporation and identify procedures to assess or minimize their impact.

3. Policy

- As part of their oversight role, the National Board of Directors will conduct a risk management exercise on an annual basis. The exercise involves three phases: risk identification, risk mitigation and risk monitoring, bringing awareness to any potential risks affecting the corporation in the short or long term.
- This Risk Identification Framework is designed to consider the following areas of risk:
 - Financial (fraud, theft)
 - Leadership (governance)
 - Strategy (ethics)
 - Reputational (brand, communications)
 - Operational (management)
 - Compliance (legal, fiscal, insurance)
 - Hazardous (environmental)
 - External (political, competition)

4. Specific Directives

 - b. Identify risks - strategic plan
 2. Setting Priorities (which risks are most likely to occur and could have the most negative effects?)

 - b. Re-analyze consequences
 - c. Prioritize
 - d. Assess risk tolerance – avoid, transfer, mitigate, accept
 3. Making Decisions (how should the risks be addressed? What are the responsibilities of different players?)

SECTION C – RISK AND RECORDS MANAGEMENT

Policy No. & Title - RRM 07: Tendering, Purchasing and Acquisition of Supplies, Services and Property

Date Issued: August 2017

Date of Authorization: August 2017

Date Last Reviewed/Modified: October 2017

Next Scheduled Review: Fall 2018

1. Overall Guiding Principle

It is important to CPF to establish a sound procurement process that governs the tendering, purchasing and acquisition of goods and services; one that further serves to secure the best value for the corporation in order to function effectively while enhancing access, competition and fairness.

2. Objective

To establish sound guidelines on tendering, purchasing and acquisition of goods and services.

These guidelines will ensure timely, efficient, and economically sound procurement, in keeping with good business practices and they will demonstrate openness and fairness to all potential suppliers and service providers.

3. Policy

- Procedures relating to the tendering, purchasing and acquisition of supplies and property will be established and will vary according to the scope of purchasing.
- Purchases from all suppliers require an official printed receipt or purchase order. Prices must include all applicable taxes and other considerations, e.g. delivery.
- Under certain circumstances, the requirements for tenders and quotations may be waived and replaced by authorization for the Executive Director to negotiate. This could occur when goods are in short supply due to market conditions, where there is only one source of supply for the goods and services to be purchased, where two or more identical bids have been received, or when the extension of an existing contract would prove more cost effective or beneficial.
- Tenders must be sought for existing contracts having been extended for more than 2 years. This review of existing contracts and deliverables and re-tendering is required between the

second and fourth year of each contract regardless of satisfaction of services supplied by vendor to ensure competitiveness pricing on behalf of the corporation.

- Gifts received, other than items of small intrinsic value, should not be accepted from suppliers or prospective suppliers.
- Bonus items must be allocated to the CPF inventory and used for CPF sponsored activities.
- If a conflict of interest exists, it must be immediately declared to the CPF National Board.
- It is the responsibility of the Executive Director to ensure the implementation of the procedures by all staff and volunteers.

4. Specific Directives

Scope of Purchases

- For purchasing transactions with a total value less than \$2,500 – single source / non-competitive process.
- For purchasing transactions with a total value from \$2,500 to \$5,000 – three quotation process.
- For purchasing transactions with a total value over \$5,000 – invited tender, request for proposal / competitive procurement process.

Contracts

- Contracts for transactions with a total value less than \$2,500 require a written invoice.
- Contracts for transactions with a total value more than \$2,500 require a written agreement defining the scope of work and may be subject to a request for proposal (RFP) or three quotation process.
- Contracts must state the work or services to be provided: define the scope, time frame and cost of the work or service and outline the responsibilities of each party to the work contract.
- Additionally, it is good business practice to include in a contract information on:
 - how payment and invoicing are handled;
 - whether any expenses are covered;
 - which limitations, if any, bear upon contractor, who can terminate or suspend the contract and under what conditions;
 - who holds control of copyright, patents or other rights;
 - who is responsible for remitting taxes;
 - who is responsible for professional and general liability or other insurance; and

SECTION D – NATIONAL EXECUTIVE DIRECTOR: Recruitment, Delegation, Succession Planning

Policy No. & Title - RDS 02: Monitoring Performance of the Executive Director

Date Issued: May 2018

Date of Authorization: June 2018

Date Last Reviewed/Modified: August 7, 2018

Next Scheduled Review: Fall 2019 (Network)

1. Overall Guiding Principle

Canadian Parents for French believes in the importance of systematic annual monitoring of Executive Director job performance. The process is conducted against the expected job outputs, ensuring that the Ends are achieved while ensuring compliance with Executive Limitations and agreed upon goals within the Network Strategic Plan.

2. Objective

To outline the Board of Directors' monitoring and appraisal process according to a clearly outlined and mutually agreed upon process and timeline.

To assess the Executive Director performance in the degree to which goals are being achieved and compliance to policies are being fulfilled and to identify ways to improve performance.

3. Policy

- Performance can be monitored in one or more of three ways:
 - Internal report: sharing of performance data by the Executive Director on Board stated criteria that are sufficiently clear, unbiased, and representative to cause a Board majority to be confident that a reasonable interpretation of Board policy has been achieved.
 - External report: sharing of compliance information by an impartial, external auditor who is selected by the Board and who reports directly to the Board. Such an audit is undertaken at the instruction of the Board with the Executive Director's knowledge.
 - Board audit: sharing of compliance information by a Board member, a committee or the Board as a whole. Such an audit is undertaken at the instruction of the Board with the Executive Director's knowledge.
- The Board will conduct a formal evaluation of the Executive Director every two years based

on the achievement of the Board's Ends Policies and compliance of its Executive [Limitations](#) policies.

- In order to monitor accomplishment of Ends, the Board will require the [Executive Director](#) to present an annual plan to the Board at the first board meeting of the fiscal year.
- In addition, the Board will identify, at the beginning of the evaluation period and in conjunction with the [Executive Director](#), a set of performance expectations to assess in the next evaluation and will inform the [Executive Director](#) at that time of the means of the evaluation to be used.

4. Specific Directives

- An annual appraisal will be conducted by accumulating the regular monitoring data provided during the year and the Board's recorded acceptance or non-acceptance of the reports, and identifying performance trends evidenced by that data. A more formal evaluation will be conducted every two to three years with a possible [360 degree consultation](#) rounding out a more comprehensive review.
- The annual plan as presented by the [Executive Director](#) will articulate specific measurable outcomes and the organization's direction in accomplishing the Ends in a format to be determined by the Board.

Evaluation Process

- The [Executive Director](#)'s performance is synonymous with organizational performance. The purpose of the [Executive Director](#)'s performance appraisal is to assess job performance to ensure that the Ends are being achieved, while at the same time complying with the Executive [Limitations](#) and achieving mutually agreed performance goals.
- The National Board is ultimately responsible for the [Executive Director](#) evaluation. In order to conduct a performance appraisal, the Board will:
 - discuss the process for completing the appraisal and identify any information or data they require. A list of [documents](#), relevant statistics and/or data for the [Executive Director](#) to collect and prepare is available.
 - consult with others to collect information such as CPF Network [volunteers](#) and staff, partners and stakeholders, funders and clients. The information gathering approach may include a survey questionnaire, telephone interviews and a self-evaluation completed by the [Executive Director](#). It is helpful if the [Executive Director](#) is involved in identifying the potential sources. It is important to note that all reviews are to remain confidential in nature, and not disclosed. This [360-degree feedback process](#) should be conducted every two to three years.

- identify members of an Appraisal Committee as well as a Chair to lead the evaluation process. Refer to the [Terms of Reference](#) to guide the process. This group reports on the evaluation data to the whole board.
- Once the review is collated and prepared for sharing, the National President and/or the Committee Chair will meet and conduct an in-person interview with the [Executive Director](#). The results of that interview including the [Executive Director](#)'s self-evaluation, will be added to the committee report and a summary presented to the Board as whole. The final evaluation report must be the voice of the entire board, be signed and dated by both the [Executive Director](#) and the National President and be filed in the [Executive Director](#)'s personnel file at the CPF National office.
- Following the annual performance appraisal, the Board will review and update the National [Executive Director](#)'s job description, including contract [obligations](#) and compensation review.
- It is recommended for Boards to conduct research on the compensation of [executive directors](#) for similar organizations in the region, considering comparisons based on size, budget, field of expertise, and background expectations on a regular basis. Compensation should include a balance of salary, benefits and non-monetary incentives which would be clearly outlined within the employment contract. Any updated compensation package will be ratified or amended and presented to the National Board as a whole for agreement.

SECTION D – NATIONAL EXECUTIVE DIRECTOR: Recruitment, Delegation, Succession Planning

To ensure appropriate and pro-active succession processes are in place to recruit a robust pool of qualified and diverse candidates to the Board of Directors, considering balance of geographic representation, qualifications, diversity, fresh and experienced perspectives, to achieve continuity.

3. Policy

Board Leadership

- Regardless of the combination of approaches or sources used, the identification of potentially qualified Directors and evaluation processes will be fair, open, transparent, competency-based, inclusive and consistently applied.
- The recruitment and candidate evaluation process will also consider those additional skills, qualifications or attributes required for the role of Board President / Vice President and Committee Chairs or as set out in the role descriptions for these respective positions. This will assist the Board by ensuring there is a pool of potential knowledgeable directors from

- Annually the National Board will engage the National Executive Director in a conversation to identify strong internal staff candidates to consider for succession into the National Executive Director role or to serve in an interim arrangement should the National Executive Director require an extended leave of absence or a departure to occur without a long notice period.
- For a temporary change in executive leadership (i.e., illness or leave of absence for 30 days or less), the National Director of Operations will be temporarily in charge of the daily operations and essential duties of the National Executive Director.

PLANNING FOR SUCCESSION

- Annually the National Board will confer with the National Executive Director to identify strong internal staff candidates to consider for succession into the National Executive Director role or to serve in an interim arrangement should the National Executive Director require an extended leave of absence or a departure to occur without a long notice period.
- Following the annual Executive Director performance appraisal, the Board will review and update the National ED's job description and contract obligations. The Board will update the process for hiring the National Executive Director in case of notification of resignation, retirement or termination.

Emergency Executive Succession

- In order to protect the National Board from sudden loss of ED services, the National Executive Director will keep the Board President and at least one senior level employee, such as a Branch Executive Director or the National Director of Operations, informed and familiar with Board and Executive Director issues and processes.
- The Executive Director will maintain CPF policies and procedures, business and records in

an organized and accessible manner and will provide the President access to management contracts, all leases, and an up to date copy of administrative policies for on-site review and a [Business Continuity Management](#) System for reference.

Leadership Development

- CPF National will conduct a needs analysis of staff and [volunteer](#) positions annually and will provide ongoing [training](#) for staff and [volunteers](#) at least once a year, to all levels of the organization, whenever possible, to ensure a continuous flow of knowledgeable and talented people are available to meet the organization's management and [volunteer](#) needs.
- Learning opportunities may include serving on CPF committees or working groups, facilitating peer exchanges or workshop sessions to set in place a succession plan to replace key individuals, [volunteers](#) and role incumbents as the need arises due to term completion, mobility, disabilities, retirements, and other unexpected losses.

4. Special Directives

- The National Board of Directors as a whole will demonstrate cohesion, capable, experienced and effective leadership of the organization with internal stakeholders, the communities it serves, government and the broader community. The overall composition of the elected Directors will ensure diversity and a balance of perspectives.

Adhering to ethical standards in fundraising is especially important because the success of an organization's mission rests on trust: the trust of clients, volunteers, donors, and the community served. Stewarding the public's trust is therefore a critical role for fundraisers to perform. To do this well the fundraiser must look beyond their own immediate needs and behave in a manner consistent with the values of their profession and of the sector as a whole.
